

**A Revolutionary 100% Sustainable Soil Conditioner  
with the SILICON ADVANTAGE!**

**Up to  
15% Yield Increase\***

## The Secret is Silicon

- Develops Larger, More Expansive Root Systems
- Increases Resistance to Insects and Diseases
- Enhances Drought Tolerance
- Promotes Stronger Plants

### Other Plant Tuff Benefits

- Increases Soil pH - Replaces AgLime
- Sustained Release - Ongoing pH Adjustment
- Improves Phosphorus Uptake
- Improves Magnesium Balance
- Ease of Application, Wider Spread, Lower Losses

Plant Tuff® is a revolutionary new product that will help grow healthier, more abundant crops. Unlike other products in today's market, Plant Tuff's unique plant-available Tuff Shield® Silicon formula helps develop larger and more expansive root systems – ideal to help your plants draw important nutrients from the soil while thriving in less-than-perfect weather conditions. Plant Tuff also balances soil pH via its high Neutralising Value and sustained release properties. Plant Tuff is an innovative and sustainable eco-friendly product.
